Dear Dr. Robinson:

We are glad of the prospect of your being with us at Columbiona-on-Lake George. We shall be glad to welcome you for August 9th to August 19th. As men are signing up this is going to be rather a large group. If without too much sacrifice you could change to July 31st to August 9th there would, I think, be some advantage. A group too large is not desirable. Let us know at your early convenience your decision.

The outlook for the season is very promising. Every group will be composed of selected men with sufficient variety to give perspective. I am sure that you will enjoy the conference round the table in the mornings.

Later I shall be forwarding certain further suggestions and directions for reaching Silver Bay.

Cordially yours,

Wilbert W. White

One man told me he received $10 in gold a good church for two services and Canon Newton of Australia received $5.00 for an address before 1500 at Kingsway Hall, London, at which Dinsdale Young presided. So if you are disallowed in that regard, there will be no disappointments. No wonder, America is such an Eden!

It will be a great joy to do anything I can: please command me. I must go to New York in the near future and will inform you: we can go over this in detail then. Of course, Dr. Morgan will do anything we ask of him. His class last Friday began very auspiciously with a crowded house — galleries and all. He was surprised at the crowd — as the Sundays have been good but nothing wonderful, tho the folks here are hungry for Bible study.

Harries enjoyed his visit very much. I am glad to know you say you are "going on" more. Believe me, we need your message. I will do all I can.

Dear Chaplain Robinson:

Indeed, I remember you very distinctly and very pleasantly from the days of 1918. Nothing would give me more pleasure than for you to drop in to see us if and when you have an opportunity to be in Washington.

I am very glad that you are maintaining your contact with us through the Reserves. We need your help and cooperation and hope we shall be so fortunate as to be so favored in the future.

I do not know when I shall ever be able to get to New York but whenever I do I shall remember your invitation and try to avail myself of the privilege of seeing you again.

I have not as yet seen Dr. Pierce, but hope to do so within a few days. He and I are very good friends and our relationships here will be most pleasant and cordial I am sure.

Very sincerely yours,

My dear friend.

Now that Sunday is over and I sit to recall the events of the last week, the day that stands out above all other days is Friday, half of which I spent very happily with you and yours. Will you please let me thank you very sincerely for the pleasure it gave me. The mushrooms that I enjoyed made Mrs Harris sorry that she did not come along, and now I have to hunt for mushrooms all over the city. As you say in this country, "I sure did enjoy myself".

For the thirty five dollars and transfer I also want to thank you. It was magnificent.

Now I wonder whether I left my notes on the seat at the back of the bulletin? If so, will you please send them to me. They are useless to you, in any case, for the sermons on them are not quite good enough to be preached by you. People will forgive much in a stranger, and they will put up with things from a man that they do not know more readily than they will in their own ministers. So send them back please.

Mrs Harris and children join me in an love to you all.

Yours ever.

Jack

Dear Dr. Robinson: –

Just a note to let you know that I have to-morrow nights engagement in mind, and that I will come up from Phila. in time for prayer-meeting. Indeed I may need to arrive a little early and may call you on the phone to ask if I may rest up a little at your home before the hour for service, for sometimes this life of visiting prospects I get tired before evening arrives. If I am I will not hesitate to call you up and ask for the privilege.

Dr S. M. Robinson
Elizabeth.

Your kind letter took me absolutely by surprise and I want to thank you for it. Apart from the pleasure I feel at the thought of taking charge of your outfit during your time away. I am conscious of a deep satisfaction because of the confidence you have placed in me. It is so good to feel that one has friends, real and true around him.

It has been rather a difficult task to get known in a strange country, for I came out here at the request of Dr. Morgan to do some special work with him at the Los Angeles Bible Institute and when things got wrong there. I was one of the few that suffered. Then within the next few months I sat to write the book and came East to complete it.

Since I left London, where I lectured and preached three sermons a week, it is comparatively little preaching that I have done. but where I have preached the ministers and people have been kind enough to say good things about my work. This has helped me considerably, for the time has often been trying enough.

Now I want to tell you a secret, and for a time I want you to keep it as a secret. You will help me far more than you know if you will do so.

There is a vacant church here in Philadelphia at which I preached on two Sundays last September. It was not vacant then. but the minister. Dr. McMillan has left since that time. That church is pleased to remember the sermon that I preached, and my name is now before the Committee.

The Church is Central North Broad Street.

I believe that there are influences working against me, because of my severance from the Bible Institute Los Angeles, and some one has foolishly caused the rumour to be heard in Central North Broad, that my doctrine is not quite sound. They say the same thing of Dr Morgan. Had not that been said, I am of the opinion that the Church would have approached me ere this.

To safeguard themselves, they have now drawn up a system of doctrine that the new pastor will be asked to sign, and I am told that it is but a statement of the fundamentals of our faith - a statement which most of us could sign.

My work now is to allay the suspicion that I am not doctrinally sound, and those that know me best, know that I stand with the orthodox believers.

Already the work of gaining the confidence of the Church has been begun, and on last Sunday, when I preached at McDowell Church in this city, the Church was visited by two members of Central North Broad Street in the morning, and by two members of the Committee on Sunday evening, and I had a good time.

Albert McIlroy is the link between me and the Church, for he knows the men on the Committee. Some of them are teachers at the Bible School, and Albert is doing his best.

Now, I have a favour to ask of you, if you will do it without mentioning it to anyone but McIlroy.

The favour is.

Will you please write to Albert McIlroy, a personal letter telling him the nature of the meeting held on Friday last at Elizabeth, and an account of the service, and if you believe that some little good was done, will you please tell him so.

Mention nothing at all about Central North Broad Street, nor need you say anything about my getting a church, but merely give your impression of the service.

McIlroy will receive your letter and will immediately carry it

to the chairman of the Committee at Central Math. Broad, who is a teacher at the Bible School here.

I just want to help the church to regain the confidence that has been shaken. not that you need mention anything about doctrine for I believe that by now, the church is inclined to believe that I am sound. Just give to Mr Thay the impression that you believe was made at Elizabeth and among the ministers that were there.

You letter may turn everything in my favour. and I believe that should I get that church. I would be very happy in the work there.

If you will do this for me. set down and do it quickly there's a good friend. for I believe that the Committee will meet within a day or two.

I am booking myself for Second Presbyterian Church Elizabeth for July 20 – Sept. 7.

With love from all to all

Jack

My dear Robinson:

Just a word about Dr. Morgan at Northfield Missionary Conference. He told me of the letter and seemed to be inclined to accept an invitation elsewhere because he would be at Northfield for the General Conference. However, he is very much interested in one of his Westminster girls, who is coming over this summer to represent the Women's Christian Medical College at Punjab, India, and I am undertaking to arrange her, Miss M. E. Craske, that she might have an opportunity of presenting the needs of that great country. Now, Dr. Morgan recommends her as a very attractive speaker with a real heart message, and as she has recently visited India and has written a book which is shortly to be published entitled "Sister India", I believe Mrs. Cratty would be particularly interested in having her at Northfield. I am enclosing a descriptive word regarding her, just written by Dr. Morgan, which I trust will interest Mrs. Cratty.

I would like to bring Dr. John MacBeath over this summer. He is a Keswick man; you probably know him personally. I do not know if Mrs. Cratty could take him but there are three other conferences that I could immediately arrange him for work, and if I thought we could get him at the Missionary conference there, I would cable him right away an invitation for all summer. He is now in Glasgow and has a fine, positive message, as you know.

I am sending this off in a hurry but will write later. With best regards,

Faithfully,

Russell Taylor Smith

My dear Friend,

Thank you very much for your letter of January 17th. Yes, the first Bible study evening was very successful; and so was that of last night, the second. I am greatly encouraged by the beginning.

I am most thankful to read what you say about Harries. I agree with you that he is a very gifted preacher, having the poetic genius and insight which I may say in passing is peculiarly Welsh. I really do hope that some Church will discover this before long, and that he may find a settlement.

I am greatly interested to know that you too are likely to cross the Atlantic; and trust you may have a great time, as I believe you will.

I note what you say about Mrs Cratty, but your statement of the case is exactly as I understood it. They do want "Bible studies which...have their essential and necessary Missionary aspect." This is exactly what I am not prepared to give without some special preparation, for which I absolutely have no time. This statement of their need from you ratifies my feeling that I would rather not go.

I have read again with very great interest what you say about Sam Shoemaker. I have just read his book. I freely confess to you that the reading has deepened the feeling I have had, that whereas there are elements of value in this movement, there are very great perils connected with it. Moreover I have been up against them already here in connection with the Student work at the University. Also a somewhat painful instance has been brought under my notice through Dr Howard Kelly of Baltimore. The more I think about it the more I feel it is one of those things that I would prefer to let alone. I have no desire to be brought into any close contact with it.

I am tremendously interested in what you tell me about your father, and so far as I have any knowledge of the situation, very much hope that he will see his way to taking up this work. If somebody can take hold of that paper, and hold it for the Evangelical Faith, minus its rancor, it will be a great gain to the Presbyterian Church generally.

This letter is somewhat hurriedly written for the simple reason that it is Saturday. I have been in Grand Rapids all the week, and I am rather snowed under.

With love to both of you.

Always yours,

G. Campbell Morgan

My dear Dr. Simpson:

We are in receipt of your check for $125.00, this being the third quarterly contribution of your Church toward our work at Tusculum. In acknowledging this I want to express my very sincere thanks and to assure you that we appreciate your interest and help more than you are aware.

At this time of the year, especially, we are always greatly in need of funds, and every hundred dollars means a lot. I hope that you will assure your Session and particularly Dr. Robinson that we are most appreciative of your friendship. It means much to us.

Tusculum is having a splendid year. I am sure that you will be glad to hear that. In every way our work is progressing finely. The students are happy and busy, and the spirit is most ideal for a college.

I note that there is a possibility of our having you as a visitor on our campus sometime this Spring, and I am certainly glad of this possibility. We are only sixty miles from Asheville, a two hours' run over a good road, "The Lonesome Pine Trail". It is a beautiful road, too, in the Fall and Spring, and you will greatly enjoy it. From Greeneville to New York there is a fine concrete road most of the way, and you will enjoy the scenery in the Shenandoah Valley. By all means plan to come by way of Greeneville and Tusculum, and make arrangements to spend at least a day with us. We will thoroughly enjoy having you.

With all kind wishes, I am

Very cordially yours,

My dear friend Robinson

Having received your letter of 16. and learned that you had written the letter to Albert McIlroy, I wanted to know the result. Albert was so pleased with the letter that he went the same day to a member of Office of Central Presb Church and this gentleman has kept your letter.

For all this I thank you and will ask you again to regard the matter as one that should be kept secret. I will tell you more about this when we meet again.

I received a letter sent on by you from a Miss Betty Morgan. a young lady from Wales who was at the service, thanking me for the sermon. and inviting me to tea the next time I visit Elizabeth:

I am looking forward hopefully to the letter from you with definite arrangements to look after your husband the best I can during your stay away.

My dear Dr. Robinson:-

I have loved your father as a dear friend for many years. I would not have thought of him for the editorship of "The Presbyterian" unless you had suggested his name to me. I had no hope that it would be possible for us to get him. I believe he could edit "The Presbyterian" at this period in the life of the church so as to do great good. He is as sound in his theology as any member of the Westminster Seminary. He has a gracious spirit and does not feel it necessary to attack and oppose everything and everybody that does not agree with him. The bitter experience that the Board of Trustees of "The Presbyterian"has passed through will cause them to give more hearty expression to their approval of the right kind of an editor. Your father wrote me since the meeting asking questions of detail. I have answered his letter,and I hope, in a satisfactory way. He had not yet consulted his Session. If he accepts the editorship, I feel that we will have your sympathy and support in a strong way. This will be a comfort to me. If your father comes to "The Presbyterian", I will hope to see more of you.

Dear Stewart:-

The checks which you enclosed Saturday were received yesterday and credited to your account. It's a good thing that you maintain an account here or I am afraid we would not hear from you very often.

Just what are the members of the Robinson family doing? Gertrude probably knows as she keeps tract of you through the different Women's Organizations but at times is quite secretive. In fact she hasen't felt much like making any noise lately as she had an attack of the flu which left her with a painful ear, which had to be lanced in order to get relief. She is now coming along nicely, however, and think will be O.K.

Business in Lockport was rather quiet for a few weeks following the holidays. This last week, however seems to indicate a pick-up and conditions are quite hopeful.

Dear Dr. Robinson:

I presume you know we expect to leave for Florida next Monday Feby. 3d.

Please find herewith minutes of last Session meeting. Good care of this should be taken as it is the only copy I have.

I have made out the cards for next Communion on the assumption that ten Elders will be present; otherwise changes will have to be made. Cards herewith.

Mrs. Brauer has kindly consented to take my place as Benevolence Treas. while I am away. Checks have been sent to all local benevolences. The most that Mr. C. will have to do is to make final quarterly payments to the four Boards, balance accounts make final report. (on account of books I presume Session should authorize Mr. C. to call upon Mrs. White & some one)

I presume it will be in order for the Session to elect or you to appoint a Clerk Pro Tem.

For your information I hand you herewith letter from Dr. Gray which speaks for itself.

Perhaps I should let you know that I attended the organization meeting of the Elizabeth Council of churches in J. on Mr. C. on 16th. inst. to which I was appointed a delegate. I however remained only an hour as you were not present, and I feared my presence might compromise us in our attitude towards the new movement. Besides it was not a very harmonious meeting, as there was considerable discussion over the term 'evangelical' with the final substitution of 'Christian'. It did not seem to me to augur well for the future.

Most cordially yours and with very best wishes for an ever brightening feeling personally and in the church,

I wish you a successful Every Member Canvas that your budget this coming year may be fully met.

Have you checked up on your gifts for the year closing March 31st? Please do everything you can to meet your quota of this year. Now is the proper time to urge a pay-up on back subscriptions.

Gifts from the Sundy School count toward the Presbyterial quota, all gifts from Young People Organizations go toward the Women's quota.

My best wishes for you and your church for the new year ahead.
